

FOR IMMEDIATE RELEASE

## BlackTree Healthcare Consulting Announces New Partner

**Conshohocken, Penn. – January 11, 2018** – BlackTree Healthcare Consulting (“BlackTree”), the leader in post-acute healthcare consulting, is pleased to announce the continued growth of our firm with the promotion of Jess Stover to Partner.

Jess has been with BlackTree since 2015, and has more than 11 years of consulting experience. Throughout her tenure, Jess has played an integral role in BlackTree’s continued development by running revenue cycle and reimbursement operations, leading BlackTree’s standardization process and overseeing staff development. “We are extremely lucky and honored to welcome Jess as a Partner in our firm,” said Mike Freytag, Managing Director and Co-Founder at BlackTree Healthcare Consulting. “We look forward to her continuing to use her expertise and work ethic to help BlackTree achieve the best results for our clients and staff.”

Jess attended the Pennsylvania State University, where she received her Bachelor of Science in Health Policy and Administration. Throughout her career, Ms. Stover has worked extensively within the revenue cycle departments in home health and hospice organizations across the country in leadership roles including director of revenue cycle and project manager for system implementation.

“Thanks to Jess’ leadership, along with the skills of our team members, we believe BlackTree is well positioned to continue to provide superior consulting services to the home health, hospice and skilled nursing industries for many years to come,” Freytag said.

“I am honored to join such an established group of Partners who continue to remain on the forefront of industry trends and best practices,” said Jess Stover. “I look forward to working with our staff and clients to continue to position BlackTree as a leader in healthcare consulting services.”

### **About BlackTree Healthcare Consulting**

BlackTree Healthcare Consulting provides revenue cycle, outsourcing and clinical consulting services exclusively to the healthcare industry.
